

Compass Family Health LLC

835 Central Ave. Suite 200 Dover, NH 03820 Phone: 603-749-0001

Dear New Patient,

Thank you for choosing us to help you with your medical and wellness needs. We strive to provide our patients with exceptional care; so we ask that you to thoroughly fill out the following forms and return them to our office. You are welcome to return the forms by dropping them off or mailing them into the address listed above. We also accept records faxed to **(603) 749-1006** or emailed to info@compassfamilyhealth.com

Below is a checklist of the information we need in order to set up your initial appointment. Once we review everything and your provider has determined how long they would like set aside for *your* initial appointment, we will call you to find a time that works with your schedule.

- A Copy of Your Insurance Card front and back (We confirm eligibility prior to your appointment)
Or Check here if you are self-pay / have insurance we do not participate with
- Registration Information (ok to leave insurance #s off, but MUST include guarantor's info if not the patient)
- General Information (2 pages)
- Financial Policies (please note new patients are agreeing to pay \$100 if you do not show for your appointment or cancel last minute)
- Member Administrative Fee Acknowledgement
- Liability Waiver
- HIPPA Agreement
- Permission to Share Information Form (If you do not want anyone listed please check none and sign)
- Health History (2 pages)
- PCP referral if indicated (For HMO insurance policies, if we are NOT your pcp)

Please **circle** the reason(s) you wish to establish care at the office, and return **this form** with the ones listed above.

-To Establish Primary Care ("meet and greet" & set up your medical record) *-required for new primary care patients*

-Specialty Health Problem (discuss concerns / issues, but not primary care)

-Primary Care Physical Exam (typically no pelvic exam)

-Sport / School Physical

-Establish Gynecology Care (eventually schedule gyn-exam)

- Women's Health Problem Visit

-Nutrition / GI Consultation

-Therapeutic Cannabis

-Medication Management

- Hormone Management

- Pellet HRT

- Cosmetic Consult / Treatment Plan

-Other: _____

We are excited to meet you and help you achieve your wellness goals. ~ Dr. Laura and Team

GENERAL INFORMATION

**Please initial each paragraph and sign below*

PRIVACY & BILLING HIPAA is a Federal Act which protects your Private Health Information. We ask you to sign a HIPPA release form because it is required by law. We must inform you of our strict adherence to these guidelines. We are happy to forward records, as long as you sign a Release of Records with specific delineation of what can and cannot be released, with the exception of referrals being sent as your PCP for continuity of care. We are prohibited from discussing your care, testing or billing matters with anyone, including parents and spouses, without your expressed written consent. Per HIPAA, a health care provider or a business associate of a health care provider or a patient or patient's legal representative may transmit the patient's protected health information through the health information organization. This will occur within this practice for the purpose of billing insurance with the expectation that remittance will be rendered to the practice.

MINORS by law, are considered adults when they become 18 years old, or have legally emancipated from their parents in prior to the age of 18. Minors between 14 and 18 years old are able to seek care for reproductive, pregnancy or sexually related concerns and testing, either alone or with a parent in attendance are considered adults and their medical information will not be shared with their parents without written permission. Minors 12 and older are able to seek care for themselves without parental permission for drug or alcohol treatment. Minors are also protected under the same HIPAA standards, meaning that the office staff is not allowed to discuss any aspect of their care, including diagnosis, treatment, lab results, or billing information without permission of the patient (for the above concerns) or their parent for general medical care.

EMAIL, FAX and PORTAL. Email is not considered secure, but can be used at your discretion to contact us regarding personal matters. We will assume that if you contact us via email regarding medical or billing matters, there is implied consent that we reply to you via unsecure email. Our fax line is secure and can be used for transmission of medical related material. Use of the secure portal is preferred and we are required by law to use our portal when sending you any records, results, or communications over the internet. Questions sent via the portal will integrate and store in your medical record so we are able to consult them in the future as needed.

COMMUNICATION Email and E-Newsletter are our way of keeping everyone updated for important insurance news, changes in business hours, progress in the practice, additional providers in the Journey to Wellness building, etc. We will try to limit our communication so not to overwhelm your inbox but ask that you read emails when possible. TEXT messages may be sent from time to time for urgent or out of office notifications so they are not overlooked in emails. TEXT may also be used for reminder notifications if you choose. You will receive statements via mail and from time to time other correspondence we urge you to open.

APPOINTMENTS are made for 30, 45 or 60 minutes depending on the type of visit and a specific patient's needs. We all do our utmost to ensure that we run on time, because we value your time. The time that we give you for your appointment is your expected appointment time and we ask you arrive 15 minutes prior to that to complete the check in process. This check-in time is used to update medical, contact and insurance information etc. When a patient misses an appointment with less than a full business day notice, he or she will be personally billed (not their insurance) for a no-show or short notice fee, unless there are emergent or extenuating circumstances. Please be courteous and value the time that the providers have to care for all patients and understand that some appointments might unexpectedly run late depending on the severity of a case. We will be respectful of your time, and inform you if we are running more than 15 minutes behind schedule and offer you choices of getting coffee/tea, shopping at the shops in the building, waiting or rescheduling.

Compass Family Health LLC

835 Central Ave. Suite 200 Dover, NH 03820 Phone: 603-749-0001

GENERAL INFORMATION 2

DISMISSAL from the practice is the providers legal right if they for any reason become uncomfortable continuing to treat you. That being said, patients also have rights and shall not be abandoned. Although dismissal does not occur often appropriate reasons for dismissal would be recurrent no-shows, large unpaid balance, poor treatment of staff, inability to agree upon a mutually acceptable treatment plan, drug seeking or threatening behaviors, exhausting office resources or unacceptable / unnecessary communication attempts. If the event were to arise that one would be released from the practice a certified letter will be sent to the last address on file and the patient will be permitted care for an additional 30 days until they are able to find a new provider.

TEST RESULTS will be sent to you directly via the secure portal unless you are legitimately unable to operate the portal, or we deem it necessary to contact you via phone or mail. Each test that we order will be reported to you within a week or so. If you do not hear from us *after a week*, we ask that you call the office to check in regarding results as we may not have received them from the testing facility (except the facility that performs your Mammogram will send you their report directly and we will become involved only if there is an issue). Calling to check if your results are in prior to a week after testing can actually slow down the review process, so we ask you be patient unless there are extenuating circumstances requiring fast knowledge of your results (ie pending meds or surgery). If you would like more information regarding your testing than what is supplied via the portal an appointment can be made to review them and your questions at length.

PHONE COMMUNICATION We pride ourselves on educating our patients so they can be involved in their care. If you choose not to make an appointment to come in for a discussion, phone appointments are available with the nurse or provider. In some cases these may be billed to your insurance but coverage may be limited and you will likely be responsible for the bill. If you do not have tele-visit coverage, please be advised that we have low cost self-pay phone rates where a 5-10 min phone appointment charges are \$25, 11-20 min \$50 and 21-30min are \$75. Longer phone calls (> 10 min) and those scheduled with the provider must be booked and payed in advanced to insure your spot will be held at this low rate. If you call for medical advice from our nurses and require extensive (>5min) discussion please be advised that you may be billed accordingly as outlined above.

MEDICATIONS will be provided by the prescriber at their comfort level. I understand that for some medications it is the law that my provider check my PDMP record, and if they are ever concerned about providing me with a prescription they have the right to refuse to write a prescription and offer me alternatives. The medical software used in this office will link with your pharmacy and will update your medication list when you check in for an appointment. This is done to keep your record accurate and more importantly to keep you safe as it allows us to better evaluate for drug interactions when prescribing. Please bring your most up to date medication list with you to verify with the nurse at check in.

Thank you for reading and understanding and agreeing to our general terms and policies.

FINANCIAL POLICIES

**Please initial each paragraph and sign below*

_____ The purpose of this policy is to encourage our patients to take their appointments and healthcare as seriously as we do. When we book you an appointment that time is reserved specifically for you and the time that you require. We plan longer appointments to provide you with great care, despite receiving the same insurance payments for shorter visits. Because of this we ask you to please remember that if you cancel with short notice or do not show for your visit we are unable to offer your spot to those waiting.

_____ Appointments can be made if the event arises where you need paperwork filled out / signed by the provider. Examples include but are not limited to: disability forms, handicap plate requests, redoing forms already completed, insurance wellness incentives or physical validations for work/school, communication or letters to attorneys, landlords etc. If you choose to forgo the appointment to discuss this paperwork it can be mailed in or dropped off to be completed for a paperwork fee of \$30, as you may find this more convenient and cheaper than your copay. Please notify us in advance regarding your plans and deadlines so we can determine if we have / schedule the time needed to complete the forms in a timely manner.

_____ The fee for missing an appointment **or** cancelling an appointment with less than one full working day notice. The fees are \$100.00 for new patient appointments (as they are scheduled for longer blocks of time since they are more involved) and \$50.00 for established patient appointments.

_____ Returned payment / insufficient funds will result in a \$30 fee in addition to the balance originally due. If you need accommodations for a payment plan to pay for an appointment or resolve a balance, please call to make arrangements. If you know you will not be able to pay for your portion of a visit, payment plan options should be discussed with the financial coordinator in advance so biweekly or monthly payments can be scheduled to keep your account in good standing.

_____ We encourage a credit card be stored on file so in the event you have a balance that goes unpaid for 3 monthly billing cycles and your claim hits collections status, a payment plan can be initiated for you. Our in-office payment plan will split your balance due in half and your card on file will be charged 1/2 of the balance plus a \$5 fee for the next 2 months required to settle the balance. To avoid these fees and the automatic payment policy please pay attention to your statements and call with questions. You can mail, call in or go to the portal to make payments, or call the office to set up a more convenient payment plan if needed. We offer this option to avoid having claims sent to an external collection agency where an additional \$50 fee will be added to the balance due and delinquency may be reported to credit agencies.

_____ Excessive disregard of these policies may jeopardize future appointments with our practice. We understand that unforeseen crises may arise and a fee may not apply. Please call us to explain the circumstances as we remain available to discuss this policy for individual cases. We will consider each circumstance and your history to determine if a fee will be reduced or waived. Please note that any cancelations for “convenience” or last-minute “schedule conflicts” will be assessed this fee. Also, as we are a medical practice so most often we are comfortable with you coming in when sick, especially since we may be able to help you with your concerns.

_____ All Fees and prior balances should be paid in full prior to any subsequent appointment being scheduled. These are personal fees and cannot be billed to insurance, and are not subject to self-pay or cash discount.

Thank you for your understanding and agreeing to our policy, as indicated by your signature and initials.

Patient Name _____ DOB _____

Signature Patient / Guardian _____ Date _____

*Initial if _____ agreeing **or** _____ declining to keep a card on file to be billed automatically for unpaid balances more than 3mo old as outlined above, to avoid being sent to an outside collection agency.

MEMBER ADMINISTRATIVE FEE ACKNOWLEDGEMENT

**Please initial each paragraph and sign below*

_____ Compass Family Health is committed to providing exceptional health care in a caring and comfortable environment. Since opening in 2018 we have seen many changes have taken place in the health care industry and amongst these changes is the rise in administrative costs of operating a medical practice. Some services once covered by insurance are now either partially covered, covered only under certain medical necessity, or not covered at all. We want to continue to provide the members of our practice with the highest quality medical care, but unfortunately this often requires providing services your insurance company will not cover. Some of these services include maintaining medical records, procedure and medication prior-authorization, completion of immunization records, third-party medical forms, insurance filings and applications, email/portal correspondences, processing medication refill requests, among others.

_____ For the first five years of practice, Compass Family Health absorbed the cost of many uncovered services; however, in July 2023 this became unsustainable. At this time, Compass Family Health finds it necessary to charge its members a Quarterly Administrative Fee (QAF) of **\$50 per patient ages 14-24** years old and **\$100 per patient 25** years and older. This age-based variation in fee is designed to help reduce the costs of the many families we provide care for.

_____ The QAF will be charged to each patient's account at least 14 days prior to the due dates of **Jan 1st, April 1st, July 1st and October 1st** annually.

_____ The QAF can be paid via credit card, check or cash; either in-person, via mail, or securely online through each members Athena Portal.

_____ **Please note that insurance companies will not cover the QAF or the services mentioned above, therefor this fee will be billed to you as a self-pay fee; which you will be personally responsible for paying.**

_____ We will allow you to use your personal / family's flex spending account or health savings account for these fees as long as your financial institution accepts these fees. We do not guarantee that the QAF will be covered by your flex spending account or health savings account. By signing this form, you understand that you will be responsible for the QAF even if your flex spending account or health savings account does not approve paying for these fees.

_____ Regarding patients who are cash-pay, do not use their insurance or who receive other self-pay services; we do provide a reduced rate for medical appointments. These discounted rates do not cover administrative or operational services, therefore those who do not use insurance will also be required to pay the QAF.

_____ All patients who are up to date with their QAF allow for our staff to provide consistent, efficient, timely patient correspondence, medication refills, prior authorizations, medical record maintenance, and other services throughout the year. We ask that you pay the QAF fee at your earliest convenience each quarter to avoid any delays in your care.

Thank you for your understanding and agreeing to our policy, as indicated by your signature and initials.

USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

There are times where the providers and employees at Compass Family Health may need to discuss certain aspects of your care. Communication with your other providers, pharmacists, testing facilities and insurance company is allowed in order to coordinate care and treatments. Only the necessary information about your health will be communicated for instances of continuity of care.

Adding names to this form allows the Compass Family Health providers and their staff to verbally discuss your health care with additional individuals that you can name below. By listing someone, you acknowledge that these individuals play some role in your care, either by assisting you directly or by offering support to me and other family members.

This document is not a Health Care Power of Attorney. The sole purpose of this form is to protect your privacy by ensuring that your health care can only be discussed with individuals you have chosen. It is important that you understand that you may retract permission to share your information with anyone on this list, and that when you fill out a new form, it will supersede all previous ones.

Please note that this form does NOT give the individuals named below any authority to make health care decisions for me. It also does NOT allow them access to my medical record or documents.

By signing this form, you acknowledge you have read the above information and that you understand that you may list as many individuals as you want, and that you are not required to designate anyone, if that is what you choose
